

# WILDLAND MODEL 34

CAL FIRE

Boise Mobile Equipment's wildland fire apparatus are designed and manufactured to the utmost demanding durability standards. With over 28 years of proven field performance, BME engines are the go-to equipment in the wildland market, providing superior maneuverability and versatility for a variety of fire situations.

BME has been awarded to produce Wildland Model 34s for the Department of Forestry and Fire Protection, better known as CAL FIRE.
